Edward Chen

edwardchen.design edwardc3@andrew.cmu.edu 778-922-1667

Education

Carnegie Mellon University

Pittsburgh, PA · Expected May 2029

Bachelor of Design, Minor in Human-Computer Interaction · GPA: 3.5/4.0

Relevant Coursework: Advanced Interaction Design, Human-Centered Software Design, Communications Studio I, Introduction to Psychology

Experience

Product Designer, ScottyLabs

Pittsburgh, PA · September 2026 – Present

Design Andrew Inbox, a new website and browser extension that collect each class's assignments, announcements, and course details from the separate sites professors use.

Web Designer, Lunar Gala

Pittsburgh, PA · September 2026 – Present

Design the website home page for Pittsburgh's largest student-run fashion show (1,500+ attendees).

Co-developed the site concept with the team ahead of its January 2027 launch.

Designer, TEDxCMU

Pittsburgh, PA · September 2026 – Present

Design the brand identity, social media, merchandise, and "What's Your Story?" project with a six-person team for the annual event (500+ attendees).

Rebuild the TEDxCMU website and design a separate site for this year's theme, Poiesis.

Design Chair, Taiwanese Student Association & Here For You

Pittsburgh, PA · September 2025 – Present

Create two social media posts a week for each. TSA's account drew 30,000+ views in one month.

Projects

Docket

Team of 3 · In progress

Interviewed 20 truck drivers and ran 8+ prototype tests to design an app that tracks how long drivers are held waiting at loading docks. Preparing to launch.

CVS Benefits

Concept · Solo · 3 weeks

Used the brief's 30 months of store data to reframe the problem from keeping shoppers in stores longer to helping them spend FSA money before it expires, then designed the app and register feature.

Google Gemini Smart Context

Concept · Solo · 1 week

Rebuilt Gemini's iOS screens and components in Figma, then redesigned its home screen with suggestion cards based on the time, place, and recent chats.

Skills

Design

Product Design, Interaction Design, Mobile Design, Design Systems, Prototyping, User Research, Usability Testing, AI Interfaces, Visual Identity, Poster Design, Type Design

Tools

Figma, Figma Make, Adobe Creative Suite (Ai, Id, Ae, Ps, Lr), Blender, SolidWorks, Miro, Claude Code, Python, HTML
